NERD FORCE SIGNS 18 NEW USA TERRITORIES

Nerd Force® Franchise Company (‘NFFC’), the wholly owned subsidiary of Nexus Management, is pleased to announce the signing of 18 new franchise territories in New Jersey, USA. This follows the recent launch of Nerd Force® in Austria with in excess of 100 territories under contract, bringing the total number of franchise territories sold to in excess of 130 (over 100 in Europe and approximately 30 in the USA). Having begun with one franchise territory in July 2008, the Board believes Nerd Force® is one of the fastest growing IT franchises of its kind.

Stacy Trister, the Managing Director of the new franchise territories, has a proven track record of buying franchises in New Jersey, USA. Delighted to sign the agreement, she commented:

“We believe that there is huge potential in New Jersey for a successful roll out of the Nerd Force franchise and, in particular, the Nerd Force® Managed IT Services and we look forward to replicating our previous franchise successes”.

Roger Richardson, Nexus Management CEO, commented:

“We are delighted to start the year on such a high note. For the Nerd Force® brand to attract such a high level of expertise from the franchise community suggests great confidence in our proposition and is very exciting for Nexus Management. The rapid growth in sales of new Nerd Force® franchises is further evidence that it is an excellent IT choice for the smaller company and reiterates the Board’s belief that the Nerd Force® investment will increase shareholder value.”
